

**Realize your vision as**

## **IT Analyst /IT Programmer (m/f) in healthcare**

vision4health is one of the European market leaders for clinical and diagnostic lab oriented solutions. For our Belgian offices in Barchon (situated near Liège) we are looking for an IT Analyst / IT Programmer to reinforce our customer oriented development team.

### **Your role:**

- Be a part of an innovative developer team
- Develop user interface components and business logic solutions
- Use relational and object oriented database systems

### **Your profile:**

- A master degree (or equivalent) in IT science
- Experienced in programming with modern tools as:
  - 4GL languages such as Uniface
  - .NET Framework 3.5, C#, VB, C++
  - Visual Studio 2008
- Team orientated and with good communication skills
- Fluent in spoken and written English (mandatory)
- German knowledge would be a plus

Have we aroused your interest? If so, we look forward to receiving your application. Send it to Eric Vaessen at [eric.vaessen@vision4health.be](mailto:eric.vaessen@vision4health.be), who is also at your disposal for any question you may have.
